

SolarMaxx SOLAR POWER PACK

Your own rooftop solar power system

Power your home*

A general household load of 800W

	1 x 200W	Computer
	4 x 40W	Tube lights
	5 x 10W	CFL bulbs
	4 x 60W	Ceiling fans
	1 x 150W	Television

SolarMaxx is a leading Solar Energy Solutions provider offering off-the-shelf as well as customised solar packaged solutions in the form of solar water heating, solar lighting and solar power solutions for small, medium and large scale applications. We aim to build a green future for our global community by utilising the energy of the Sun.

Increasingly, the world over, people are making a transition from conventional energy sources to Solar Power because they find it more efficient, more economical and environment-friendly. In today's high-energy-consuming times, we offer world-class solar energy solutions, striving to meet the increasing need for alternative energy sources.

Solar Power comes your way, to drive several problems away!

FEATURES

- ✓ Proven, long-lasting modules with consistent power output for 25 years
- ✓ Low maintenance, long-life batteries
- ✓ In-built electrical protection for personnel and equipment
- ✓ Wide operating temperature range from 0 to 50°C

BENEFITS

- ✓ Solar power - on demand
- ✓ Saves on fuel costs of generator set
- ✓ Saves on electricity bills
- ✓ Smooth sine wave enables functioning of supported appliances

COMPONENTS

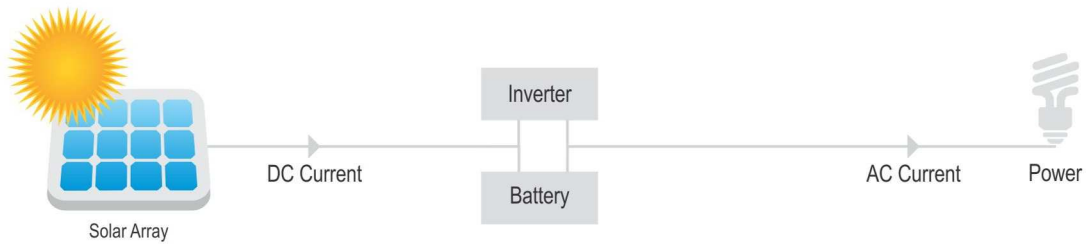

- ✓ Solar array ranging from 150 to 1,000W **and more**
- ✓ Long-life, deep-cycle battery ranging from 100 to 150 Ah
- ✓ Safe and secure PCU ranging from 850 to 1400 VA **and more**
- ✓ PV structure with desired tilt

Our products in this range

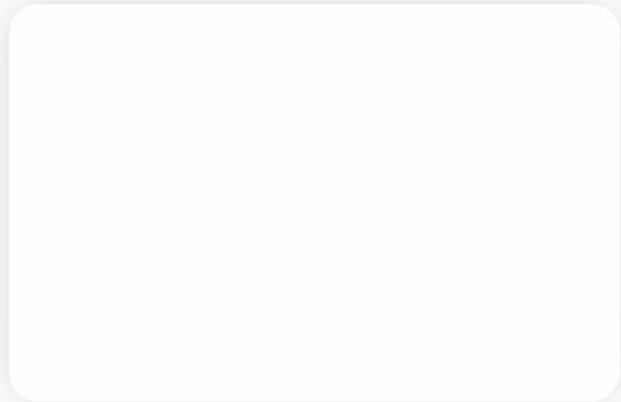

Solar Panel (W)	150	300	750	1000	Larger systems and custom solutions available upon request.
FEATURES					
PCU Rating VA	850VA	850VA	1400VA	1400VA	
PCU output AC voltage (V)	230+/-5%				
BENEFITS					
Savings (Rs.) from diesel consumption in a year ⁺	4000	8000	20,000	27,000	
COMPONENTS					
PV array wattage (W _p)	150	150*2	250*3	250*4	
12V battery (AhxQty.)	100ah	150ah	100ah*2	150ah*2	

Specifications are subject to change without notification

⁺Assuming unit production cost with diesel at Rs. 18.00 per unit. Assuming 300 sunny days in a year.
