HAPPY CLIENTS

Right from booking till the installation, I was informed with all the technical specs, processes and the team was always there whenever I had any doubt. Their eye for detail was excellent. I am fully satisfied with the job done by SolarMaxx team..

Dr. Vinay Soni

I am fully satisfied with SolarMaxx and they are very responsible people. The installation process was completed timely by their experts. I am happy we are able to do something sitting at home for our environment.

Mr. Devendra Bhansali Jain

Good job done by SolarMaxx on my rooftop. They completed the project timely and with proper detail and support. It has been 4 years of freedom from electricity bills. Their maintenance team is always there to oversee our system without us being involved.

Mr. Nitin Jain
